downhill

The techno has a professional downhill race frame designed around the new suntour gearbox. Marzocchi, Avid, Truvativ, Maxxis, and Fizik downhill race components are specified, so the bike is finished to the highest of standards for international competition.

Twenty seven speed

Frame: Constructed using Scandium tubing which is strong and light, the frame is gusseted and the tube are profile to maximise the potential of this exciting material **Fork:** Marzocchi Corsa with remote lock out 100mm travel **Headset:** Semi integrated Aheadset with three alloy adjustment spacers **Gears:** 27 speed with Shimano XT shadow low profile rear gear and Shimano Deore front gear **Gear Controls:** Shimano STI Deore pod shifters **Chainset:** Shimano Deore level with integrated spindle and external bb cups **Bottom bracket:** Shimano external type for integrated BB spindle **Wheels:** WTB SX24 black alloy disc specific, double wall rims. Built using black spokes and formula black alloy disc, quick release hubs **Tyres:** Continental Mountain King 26x2.1 **Brakes:** Shimano hydraulic double piston disc brakes and levers **Saddle:** W.T.B. PURE 'V' **Steering:** Tioga Alloy Ahead extension with Tioga alloy low riser style handlebars and and double density lock on grips **Seat post:** Tioga alloy micro adjust **Sizes:** 17.5 ,19.5, 21.5 **Colour:** Platinum matt silver

Twenty seven speed

Frame: Full carbon Monocoque frame. Alloy dropouts with disc mounts and reinforcing brace, integrated headset, and alloy BB insert **Fork:** Rock Shox RECON SL AIR 100 mm travel **Headset:** VP integrated Aheadset for carbon frame with three alloy adjustment spacers **Gears:** 27 speed with Shimano new XT shadow low profile rear gear, and Shimano Deore front gear **Gear Controls:** Shimano STI Deore pod shifters **Chainset:** Shimano Deore with integrated BB spindle **Bottom bracket:** Shimano external type for integrated BB spindle **Wheels:** WTB SX24 black alloy disc specific, double wall rims. Built using black spokes and Shimano black alloy disc hubs with a cassette rear **Tyres:** WTB Nanoraptor 26 x 2.0 **Brakes:** Avid juicy 3 hydraulic disc brakes and levers **Saddle:** W.T.B. PURE 'V' **Steering:** Tioga alloy Ahead extension with Tioga alloy low riser style handlebars and double density lock on grips **Seat post:** Tioga alloy micro adjust **Sizes:** 17.5 ,19.5 **Colour:** carbon black

Twenty seven speed

Frame: Precision welded using 7005 alloy with custom profile, bi-axial, octagonal tube sections which give strength where its needed whilst keeping a performance enhancing low weight. Fitted with semi integrated profiled head tube, which gives a larger weld area and increases strength **Fork:** Marzocchi 33 LO with lock out and 100mm of travel **Headset:** Semi integrated Aheadset with three alloy adjustment spacers **Gears:** 27 speed with Shimano XT shadow low profile rear gear, and Shimano Deore front gear **Gear Controls:** Shimano STI Deore pod shifters **Chainset:** FSA black forged alloy cranks **Bottom bracket:** FSA powerdrive fully sealed cassette **Wheels:** WTB SX24 black alloy disc specific, double wall rims. Built using black spokes and formula black alloy disc, quick release hubs **Tyres:** WTB Nanoraptor 26 x 2.0 **Brakes:** Shimano hydraulic double piston disc brakes and levers **Saddle:** W.T.B. PURE 'V' **Steering:** Tioga alloy Ahead extension with Tioga alloy low riser style handlebars and double density lock on grips **Seat post:** Tioga alloy micro adjust **Sizes:** 17.5 ,19.5, 21.5 **Colour:** Granite grey

urban 700c

Six speed

A 20" alloy folder that weights around 12KG. A patented folding system from one of the most respected manufactures in the world. Frame and handle bars fold and the seatpost and handlebars are quick release for further size reduction.

Shimano 6 speed gears give a wide range of ratios and make this a very versatile folding bike and it fits perfectly in to its own holdall.

Shimano gears

A 26 " wheel alloy folder that weights around 14 KG. Mountain bike styling and component parts add to its capability. This folder has one central folding hinge and an additional rigidity enhancing connection on the short top tube. Alloy handle bars and stem help to keep the weight low. Big volume semi slick tyres help it to roll quickly on tarmac and add comfort on rougher surfaces. Suspension forks and Shimano 18 speed gears make this an extremely versatile and useful bike.

Supplied with a holdall so you can take it any where.

Warranty:

Should any original component prove defective – in terms of workmanship – within its warranty period, 2x2 Worldwide, will replace it. Warranty periods for components are as follows:

Rigid frames and forks:- Lifetime warranty.

Carbon Frames:- 1 year.

Suspension frames and forks:- 1 year.

All other components:- 1 YEAR from date of retail purchase. This warranty does not include labour and transportation charge. The company can not accept responsibility for consequential or special damages. This warranty applies only to the original retail purchaser who must produce proof of purchase in order to validate any claim. This warranty applies only in the case of defective components and does not cover the effects of normal wear or damage caused by accident, abuse, excessive loads, neglect, improper assembly, improper maintenance or the addition of any item inconsistent with the original intended use of the bicycle. No bicycle is indestructible and no claims can be accepted for damage caused by improper use, competition use, stunt riding, ramp jumping, leaping or similar activities. Claims must be submitted through your retailer. Your statutory rights are not affected by the foregoing. Our bicycles conform to BS 6102 Part 1 (1992) as set by the British Institute Testing services. We reserve the right to change or amend any specification without notice.

All information and specifications within this brochure are correct at time of going to press.
